

**Update Regarding the 2<sup>nd</sup> Distribution of  
Free COVID-19 Self-Test Kits &  
N95 Masks**

**Distribution at Salmon Brook Park on Thursday 1/13/22 @ 5:00 pm**

**Test Kits**

The Town of Granby will distribute free COVID-19 self-test kits to Granby residents at Salmon Brook Park on Thursday, January 13, 2022, starting at 5:00 pm and while supplies last. **Due to the very limited supply of test kits, we respectfully request that only those with an immediate need for testing attend Thursday's distribution event. If you received a test kit at the initial distribution please think about the many residents who were turned away last time.**

**An immediate need includes:**

- **If you are symptomatic with fever, chills, cough (*If symptomatic, please have someone else from your household attend the distribution event, if possible*)**
- **You have been in close contact with someone who has tested positive for COVID-19 or has the symptoms of COVID-19.**

This will be a drive-through distribution event:

- **Residents are requested to wear a mask.**
- **Proof of residency is required.**
- **Test kits will be distributed on a first come, first served basis.**
- **Due to the limited supply, each household will receive no more than 1 test kit.**

Our distribution event is a stop gap measure to provide tests to those households with an immediate need until testing is readily available again.

**N95 Masks**

Masks will be available for Granby residents to pick up during the test kit distribution at Salmon Brook Park on Thursday, January 13, 2022, starting at 5:00 pm and while supplies last. The Town will also have N95 masks available at the Municipal Complex (15 North Granby Road) at the Library, Police Department, and Town Hall during business hours while supplies last.

**For questions on test kit and mask distribution event please contact the Town Manager's Office**
